
ERICK MANRIQUE

SOFTWARE ENGINEER

Hollywood, Florida

| erickmanriqpro@gmail.com

| (646) 755 - 4316

PROFILE

Skills

• Full-Stack
React (MERN)

• Ruby on Rails

• JavaScript

• CSS (Flex/
Grid)

• Team-Oriented
Leadership

• Problem Solving

• Agile Software
Development

• Debugging

• Communication

• Versatile &
Organized

Leveraging 4 years of experience in hospitality to elevate intuitive user experience & interactions on the web. Very eager to develop programs for real-world application within a tech environment. Optimistic problem-solver with a passion for learning.

ENGINEERING PROJECTS

Home.io - Conceptually forked from the iPhone widget screen, **home.io** gives signed-up users access to a personalized home screen rendering data from up to 7 API's. *Made with Ruby on Rails & React.*

iNetwork - A live with functioning CRUD through AirTable to store & upload data. Data is then used to fill in a "virtual business card," as a casual alternative to the formal resume. *Utilizes React with JS, AOS, & Bootstrap.*

Dignified Winers - Dignified Winers was collaboration between 4 talented developers & conceived as a request by a mock-client; a luxury magazine featuring ranked wines while allowing users to sign up & contribute. *Developed with the MERN Stack, aided by Insomnia, Heroku, & Netlify.*

EXPERIENCE

GG'S WATERFRONT BAR & GRILL
SERVER'S ASSISTANT)

(FOOD RUNNER / BARBACK /

• Demonstrated excellent operational & customer-facing skills in multiple roles, regardless of volume

• Fast-paced environment increased aptitude for team-based work flow management while reinforcing my own tenacious pursuit of maintaining high standards.
